Methodological Note: As a result of a new definition of rape, violent crime data for some cities for 2013 & 2014 may not be comparable to previous years' historical violent crime data.

CHANGE IN RAPE DEFINITION

- In 2013, the FBI announced a change in the definition of rape used in the UCR
- Data collection under the new definition began in January 2013; however, data reported from prior years has not been revised
- Not all agencies have been able to report for 2014 using the new definition.
- The FBI has determined the change may produce an increase of as much as 41.7% in an agencies reported sex offenses.
